GCSE SPANISH

1 INTRODUCTION

1.1 Aims and objectives

The WJEC Eduqas GCSE in Spanish is based on a conviction that learners studying a modern foreign language will develop their desire and ability to communicate with and understand speakers of the assessed language in a variety of contexts and for a variety of purposes.

The specification supports the aim that the study of a modern foreign language will broaden horizons, develop cultural knowledge and understanding and foster transferable skills such as confidence, communication, problem solving and creativity.

The specification also aims to provide learners with a solid foundation on which to prepare them for future language study.

This GCSE in Spanish will enable learners to:

- develop their ability to communicate confidently and coherently with native speakers in speech and writing, conveying what they want to say with increasing accuracy
- express and develop thoughts and ideas spontaneously and fluently
- listen to and understand clearly articulated, standard speech at near normal speed
- deepen their knowledge about how language works and enrich their vocabulary in order for them to increase their independent use and understanding of extended language in a wide range of contexts
- acquire new knowledge, skills and ways of thinking through the ability to understand and respond to a rich range of authentic spoken and written material, adapted and abridged, as appropriate, including literary texts
- develop awareness and understanding of the culture and identity of the countries and communities where the language is spoken
- be encouraged to make appropriate links to other areas of the curriculum to enable bilingual and deeper learning, where the language may become a medium for constructing and applying knowledge
- develop language learning skills both for immediate use and to prepare them for further language study and use in school, higher education or in employment
- develop language strategies, including repair strategies.

The specification fully meets the Department for Education requirements for modern foreign languages. The content and structure have been developed based on consultation with practising teachers, senior examiners and subject experts.

Consideration has also been given to the following:

- accessibility of assessments for learners of different abilities
- topics of interest and relevance to learners
- assessments which reward spontaneity and creativity by the learner
- length of each assessment.

1.2 Prior learning and progression

There are no previous learning requirements for this specification. Any requirements set for entry to a course based on this specification are at the school/college's discretion.

This specification builds on subject content which is typically taught at key stage 3 and provides a suitable foundation for the study of Spanish at either AS or A level. In addition, the specification provides a coherent, satisfying and worthwhile course of study for learners who do not progress to further study in this subject.

1.3 Equality and fair access

This specification may be followed by any learner, irrespective of gender, ethnic, religious or cultural background. It has been designed to avoid, where possible, features that could, without justification, make it more difficult for a learner to achieve because they have a particular protected characteristic.

The protected characteristics under the Equality Act 2010 are age, disability, gender reassignment, pregnancy and maternity, race, religion or belief, sex and sexual orientation.

The specification has been discussed with groups who represent the interests of a diverse range of learners, and the specification will be kept under review.

Reasonable adjustments are made for certain learners in order to enable them to access the assessments (e.g. candidates are allowed access to a Sign Language Interpreter, using British Sign Language). Information on reasonable adjustments is found in the following document from the Joint Council for Qualifications (JCQ): *Access Arrangements, Reasonable Adjustments and Special Consideration: General and Vocational Qualifications*.

This document is available on the JCQ website (www.jcq.org.uk). As a consequence of provision for reasonable adjustments, very few learners will have a complete barrier to any part of the assessment.

2 SUBJECT CONTENT

The qualification is made up of four components: Component 1 is a spoken non-exam assessment, Component 2 is a listening examination, Component 3 is a reading examination and Component 4 is a written examination.

The specification covers the full range of content for GCSE modern foreign languages as set out by the Department for Education.

The context for learning the language is organised under **three broad themes**:

- Identity and culture

- Current and future study and employment

Each broad theme is divided into sub-themes.

2.1 Component 1

Component 1: Speaking

Oral test: 12 minutes preparation time
7-9 minutes (Foundation tier)
10-12 minutes (Higher tier)

25% of qualification
60 marks

This component requires learners to respond in Spanish to a role play, a photo card and a conversation. Assessment of this component will also take account of knowledge of, and accurate application of, grammar and structures.

See section 3.2 for detailed information on arrangements for conducting the speaking non-exam assessment.

Learners are not permitted to use dictionaries in any part of the assessment.

Task 1 - Role play

(15 marks)

In each role play a scenario will be set and the learner will be required to formulate responses to questions or statements as prompted by the stimulus material. These responses will target vocabulary and structures and give opportunity for learners to cover aspects of the subject content including communicating and interacting in short conversations, asking and answering questions and responding to unexpected questions.

Task 2 – Photo card discussion

(15 marks)

The photo card discussion will cover a different theme from the role play. The learner will be given a photo stimulus and two seen questions to respond to during the discussion. An additional two unseen questions will be asked by the teacher/examiner. The discussion will give learners opportunity to narrate events, speak spontaneously, exchange opinions and make creative use of the language.

Task 3 - Conversation

(30 marks)

The conversation will cover content from two of the three broad themes and will give learners opportunity to produce more extended sequences of speech. It will be divided into two parts.

Part 1 will give the learner opportunity to discuss a theme of their choice drawn from one of the broad themes on page 5 as well as additional content within the chosen theme.

Part 2 will cover content from the third broad theme not covered in the role play and photo card discussion. If the third theme has been covered in Part 1, the theme not covered in the photo card discussion will be specified.

2.2 Component 2

Component 2	25%	-	-	-	25%
Component 3	-	-	25%	-	25%
Component 4	-	-	-	25%	25%
Overall weighting	25%	25%	25%	25%	100%

3.2 Arrangements for non-exam assessment

Non-exam assessment accounts for 25% of this GCSE. The following are general guidelines for the conduct of Component 1: Speaking. All non-exam assessments must be conducted under controlled conditions as outlined below, and in accordance with regulatory requirements.

Task setting

Learners are not permitted to use dictionaries in any part of the assessment.

Tasks will be set by WJEC. The assessment will be carried out by teachers at the centre, audio recorded and marked by external examiners.

The assessment will consist of three tasks: one role play, one photo card discussion and one conversation. The role play will cover content taken from one broad theme, the photo card discussion will cover content taken from a different broad theme, and the conversation will be drawn from the remaining broad theme as well as one of the broad themes already covered.

The three tasks will be contained in a four-page task booklet and will be clearly labelled as set 1 to 9. There will be a total of nine sets per series, each containing a different combination of broad themes. Once candidate entries have been made, a list allocating a set to each candidate will be randomly generated. Candidates must not be informed of which set number task booklet they have been allocated prior to their assessment time. Centres are required to ensure that each candidate uses the correct set.

The task booklets for candidates will be sent to the Examinations Officer at the centre in a secure pack. There will be instructions not to open the package until the specified date.

Task taking

The speaking assessments will take place during a five-week period between April and May. Centres may open the packs up to three working days in advance of the first assessment date.

On the day(s) when the assessment is conducted, each candidate will have 12 minutes supervised preparation time. The candidate will be given his/her pre-allocated set and can use the time to prepare the tasks. The supervisor must ensure that during the preparation time the candidate does not have access to additional materials and that the preparation timings are adhered to.

The candidate may, if they wish to, make notes on a single side of A4 paper during the preparation time, and may refer to these notes during the assessment. The notes will then be handed to the teacher at the end of the assessment and retained by the centre until the end of the Enquiry about Results period. There will be no restriction on the number of words or the material which the notes contain, but the candidate should not write out complete and continuous sentences, nor write on the task booklet. At the end of the assessment the task booklet must also be handed to the teacher.

The assessment for foundation tier candidates will last 7-9 minutes and 10-12 minutes for higher tier candidates. There is no requirement to supervise candidates before the formal preparation time or after the assessment. However, centres must be mindful to limit opportunities for collusion in the setting of their assessment schedules within the 5 week period. Centres will need to keep a record of the schedule (including dates) on which the assessments are conducted. The arrangements will be subject to JCQ inspections. There will be an authenticity form for the centre to sign and declare that assessments have been conducted according to the requirements and this must be submitted to WJEC with the audio recordings.

Format of the assessment

Task	Approximate timings	
	Foundation tier	Higher tier
Role play	2 minutes	2 minutes
Photo card discussion	2 minutes	3 minutes
Conversation (Part 1 and Part 2)	3-5 minutes	5-7 minutes
All tasks	7-9 minutes in total	10-12 minutes in total

The timings for each task as indicated in the table above are approximate; however, teachers must adhere to the overall timings of 7-9 minutes (foundation tier) and 10-12 minutes (higher tier). Any speaking evidence that exceeds these timings will not be marked.

Teachers' prompts for the role plays, the seen and additional questions for the photo card discussion and the themes for the conversation will be provided in a composite booklet which will be sent to the Examinations Officer at the centre in a secure pack. Teachers are advised to familiarise themselves with the materials in advance of the assessments, up to three days prior to the commencement of the first assessment.

Role play

The role plays contain five interactions and candidates will be instructed who starts the dialogue on their task card.

Photo card discussion

The candidate will have two questions that they will see during the preparation period on their task booklet and will also be asked two unseen questions. The teacher will lead the discussion by asking the two seen questions followed by the two unseen questions. The teacher may rephrase the questions, provided that the same meaning is maintained, and may also repeat or rephrase questions that the candidate does not understand.

Conversation

For the first part of the conversation, candidates will be allowed to select a theme from one of the broad themes on page 5. The choice of theme must be agreed between the candidate and the teacher no later than two weeks before the assessment takes place. The candidate starts this part of the conversation with his/her chosen theme. The teacher must continue with the conversation.

The second part of the conversation must be on a different theme. Two themes will be specified in the teacher's composite booklet. If the first specified theme in the booklet has been covered in Part 1 of the conversation, the teacher/examiner must cover the second specified theme. It is the teacher's responsibility to ensure that the correct theme is covered. The teacher can select any sub-theme within the specified theme to start the conversation.

Suggested questions for the conversation will be provided in the teacher's composite booklet by theme and sub-theme. They are examples only and are not prescriptive or exhaustive.

The teacher/examiner must ensure that each part of the conversation is given equal timings of between 1½ and 2½ minutes for foundation tier and between 2½ and 3½ minutes for higher tier.

It is important that the candidate is given opportunity to develop conversation and produce extended sequences of speech. The teacher/examiner can facilitate the conversation by asking the candidate:

- for more detail
- to give and/or justify their ideas and/or opinions
- to narrate events or give an account of something that has happened relating to the topic
- for their future plans relating to the topic

At least one sub-theme must be covered for each part of the conversation. The coverage of sub-themes and depth of conversation on each sub-theme will vary for each candidate.

Some candidates will be able to discuss a sub-theme in depth while others may have less knowledge and/or linguistic ability and will cover a broader range of sub-themes.

Candidates' performance depends not only on their own capacity and ability but also on the nature of the additional questions asked by the teacher/examiner. Within each part of the conversation, the teacher should choose a sub-theme or sub-themes which reflect the individual candidate's interest. The teacher is advised to familiarise themselves with the descriptors on the assessment grids for foundation and higher tier conversations and to ensure that their questioning gives candidates opportunities to achieve their potential in each section of the mark scheme.

4 TECHNICAL INFORMATION

4.1 Making entries

This is a linear qualification in which all assessments must be taken at the end of the course. Candidates entered for this qualification must sit all components at either foundation or higher tier, in the same examination series. Assessment opportunities will be available in May/June each year, until the end of the life of this specification. Summer 2018 will be the first assessment opportunity.

Where candidates wish to re-sit the qualification, all components must be re-taken.

The entry codes appear below.

WJEC Eduqas GCSE Spanish (Foundation tier):	C810PF
WJEC Eduqas GCSE Spanish (Higher tier):	C810PH

The current edition of our *Entry Procedures and Coding Information* gives up-to-date entry procedures.

4.2 Grading, awarding and reporting

GCSE qualifications are reported on a nine point scale from 1 to 9, where 9 is the highest grade. Results not attaining the minimum standard for the award will be reported as U (unclassified).

A candidate who takes higher tier assessments will be awarded a grade within a range of 4 to 9, or be unclassified. However if the mark achieved by such a candidate is a small number of marks below the 4/3 grade boundary, the candidate may be awarded a grade 3.

A candidate who takes foundation tier assessments will be awarded a grade within a range of 1 to 5, or be unclassified.

4.3 Tiering

This GCSE qualification in Spanish offers assessment at foundation and higher tier. Each learner must take assessments in either the foundation tier or the higher tier only. Mixed tier entry is not permitted.

APPENDIX A

GCSE Spanish vocabulary list

Vocabulary used in assessments will not be limited to the words on this vocabulary list.

This vocabulary list is intended as a guide only and is not exhaustive. Inevitably there will be overlap between sub-themes.

Foundation tier: Learners will be required to understand and respond to common or familiar words and/or forms of words that are **not** on the vocabulary list.

Higher tier: Learners will be required to understand and respond to words and/or forms of words that are **not** on the vocabulary list and which are less common or familiar than those used in relation to foundation tier assessments.
